

**PROTOCOL OF INTENTIONS**  
**in the Field of Public Education between**  
**the Republic of Moldova and Pridnestrovie**

1. To provide educational institutions located in the specified territories with curricula and educational programs, textbooks, visual aids and other teaching materials in Moldovan, Russian and Ukrainian languages, as well as with training and sporting equipment, furniture, soft and firm inventory, with payment in the established order.

2. When exchanging experience and preparing joint curricula and programs, guidelines and textbooks, proposals of public education authorities and teachers of community educational institutions should be taken into account.

3. In drawing up and signing of cooperation agreements of the Ministry of Education of the Republic of Moldova with ministries of the CIS and other countries, the delegation should include representatives from Pridnestrovie, and the needs and requirements of the left-bank Dniester regions and the city of Bendery should be accounted for.

4. In planning enrollment and when enrolling into higher education institutions, colleges and vocational schools, enrollment of the corresponding number (in percentage terms) of applicants should be ensured, according to the target areas from Pridnestrovian regions and from the Republic of Moldova.

5. To oblige local authorities of the cities of Bendery, Tiraspol and Rybnitsa to allot appropriate buildings for Latin-script schools which should be opened and function in compliance with regulations of Pridnestrovie. Their funding shall be provided by the Republic of Moldova according to the cost estimates through appropriate public education departments.

6. To create the necessary conditions for organizing educational process in regions (rayons) Varnitsa and Severniy of the city of Bendery, the construction of a kindergarten for 320 places for Russian-Moldovan primary school should be completed by joint efforts.
